

Comprehensive Needs Assessment 2019 - 2020 School Report

Thomas County
Bishop Hall Charter School

1. PLANNING AND PREPARATION

1.1 Identification of Team

The comprehensive needs assessment team consists of people who are responsible for working collaboratively throughout the needs assessment process. Ideal team members possess knowledge of programs, the capacity to plan and implement the needs assessment, and the ability to ensure stakeholder involvement. A required team member's name may be duplicated when multiple roles are performed by the same person. Documentation of team member involvement must be maintained by the LEA. Watch the <u>Planning and Preparation webinar</u> for additional information and guidance.

Leadership Team

	Position/Role	Name
Team Member # 1	SIP Coordinator	Shantel Thompson
Team Member # 2	Assistant Principal	Dr. Verna Wiggins
Team Member # 3	Teacher/Blended Coordinator	Darrell Brinkley
Team Member # 4	Teacher	Chris Miranda
Team Member # 5	Principal	Chris Huckans
Team Member # 6		
Team Member # 7		

Additional Leadership Team

	Position/Role	Name
Team Member # 1	Teacher	Chris Miranda
Team Member # 2	Teacher	Regina Beasley
Team Member # 3	Dedra B. Fredrick	Parent
Team Member # 4	Melissa Murray	Parent
Team Member # 5		
Team Member # 6		
Team Member # 7		
Team Member # 8		
Team Member # 9		
Team Member # 10		

1. PLANNING AND PREPARATION

1.2 Identification of Stakeholders

Stakeholders are those individuals with valuable experiences and perspective who will provide the team with important input, feedback, and guidance. Required stakeholders must be engaged in the process to meet the requirements of participating federal programs. Documentation of stakeholder involvement must be maintained by the LEA. Watch the Planning and Preparation webinar for additional information and guidance.

Stakeholders

	Position/Role	Name
Stakeholder # 1	Southern Regional Technical College	Missy Stanaland
Stakeholder # 2	Thomas University	Dr. Lindsey Stevenson
Stakeholder # 3		
Stakeholder # 4		
Stakeholder # 5		
Stakeholder # 6		
Stakeholder # 7		
Stakeholder # 8		

How will the team ensure that stakeholders	Administration met with parents and stakeholders to allow them the
are able to provide meaningful feedback	opportunity to provide feedback on the new charter, school improvement
throughout the needs assessment process?	plan, family engagement plan, and parent compact.

2. DATA COLLECTION ANALYSIS

2.1 Coherent Instructional System

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of instructional needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the Coherent Instructional System webinar for additional information and guidance.

Curriculum Standard 1 - Uses systematic, collaborative planning processes so that teachers share an understanding of expectations for standards, curriculum, assessment, and instruction		
1. Exemplary	A systematic, collaborative process is used proactively for curriculum planning.	
	Nearly all teachers or groups of teachers, support staff, and leaders within the school have common expectations for standards, curriculum, assessment, and instruction.	
2. Operational	A systematic, collaborative process is used regularly for curriculum planning.	√
	Most teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	
3. Emerging	A collaborative process is used occasionally for curriculum planning.	
	Some teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	
4. Not Evident	A collaborative process is rarely, if ever, used for curriculum planning.	
	Few, if any, teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	

Curriculum Standard 2 - Designs curriculum documents and aligns resources with the intended rigor of the requistandards		
1. Exemplary	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope, and sequence documents, guides) that are aligned with the intended rigor of the required standards are the products of a systematic, collaborative process. These curriculum documents and resources are used and continuously revised by teachers and support staff to ensure an alignment with the intended, taught, and tested standards.	
2. Operational	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope and sequence documents, guides) have been designed, and resources are aligned with the intended rigor of the required standards. These curriculum documents and resources guide the work of teachers and instructional support staff.	
3. Emerging	Curriculum documents and resources exist, but they are not complete in all content areas or grade levels or lack the intended rigor of the required standards	✓
4. Not Evident	Few, if any, curriculum documents and resources exist to support the implementation of the intended rigor of the required standards.	

Instruction Standard 1 - Provides a supportive and well - managed environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident throughout the school.	✓
	Students consistently stay on-task and take responsibility for their own actions.	
2. Operational	A supportive and well-managed environment conducive to learning is evident in most	
	classrooms.	
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some	
	classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few,	
	if any, classrooms.	

Instruction Standard 2 - Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration). Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	√
3. Emerging	Some teachers create an academically challenging learning environment.	
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Instruction Standard 3 standards	- Establishes and communicates clear learning targets and success criteria aligned to cur	riculum
1. Exemplary	Nearly all teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards. Learning targets are evident throughout the lesson and in student work. Articulation of the learning targets is consistent and pervasive among like content	
	areas and grade levels	
2. Operational	Most teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards. Learning targets are evident throughout the lesson and in student work.	✓
3. Emerging	Some teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.	
4. Not Evident	Few, if any teachers establish clear learning targets and success criteria aligned to the required curriculum standards.	

Instruction Standard 4 - Uses research based instructional practices that positively impact student learning		
1. Exemplary	Nearly all teachers pervasively demonstrate a repertoire of highly effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	
2. Operational	Most teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	√
3. Emerging	Some teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Instruction Standard 5	- Differentiates instruction to meet specific learning needs of students	
1. Exemplary	Nearly all teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students. Nearly all teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL). Remediation, enrichment, and acceleration are pervasive practices.	
2. Operational	Most teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students. Most teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).	√
3. Emerging	Some teachers differentiate instruction to meet the specific learning needs of students.	
4. Not Evident	Few, if any, teachers differentiate instruction to meet the specific learning needs of students.	_

Instruction Standard 6 - Uses appropriate, current technology to enhance learning		
1. Exemplary	The use by staff members and students of appropriate, current technology to enhance learning is an institutional practice (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	
2. Operational	Most staff members and students use appropriate, current technology to enhance learning (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	✓
3. Emerging	Some staff members, students, or both use appropriate, current technology to enhance learning.	
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Instruction Standard 7 - Provides feedback to students on their performance on the standards or learning targets		ts
1. Exemplary	Nearly all teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance. Nearly all teachers systematically elicit diagnostic information from individual	
	students regarding their understanding of the standards or learning targets.	
2. Operational	Most teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.	✓
3. Emerging	Some teachers use the language of the standards or learning targets to provide students with specific, descriptive feedback on their performance.	
4. Not Evident	Few, if any, teachers use the language of the standards or learning targets to provide students with feedback on their performance, or the feedback that is provided is not specific, timely, or understandable.	

Instruction Standard 8 - Establishes a learning environment that empowers students to actively monitor their own progre		
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress. Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	✓
3. Emerging	Some students use tools to actively monitor their own progress.	
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.	

Instruction Standard 9 - Provides timely, systematic, data - driven interventions		
1. Exemplary	Nearly all students are provided timely, systematic, data-driven interventions to support their learning needs. Interventions are designed to meet the needs of each student. The effectiveness of those interventions is consistently monitored and adjustments are made.	
2. Operational	Most students are provided timely, systematic, data-driven interventions to support their learning needs.	✓
3. Emerging	Some students are provided extra assistance or needed support in a timely manner.	
4. Not Evident	Few, if any, students are provided extra assistance or effective support in a timely manner.	

Assessment Standard 1 - Aligns assessments with the required curriculum standards		
1. Exemplary	Nearly all assessments are aligned with the required curriculum standards.	
	Assessments are reviewed during the school year to ensure alignment.	
2. Operational	Most assessments are aligned with the required curriculum standards.	✓
3. Emerging	Some assessments are aligned with the required curriculum standards.	
4. Not Evident	Few, if any, assessments are aligned with the required curriculum standards.	

Assessment Standard 3 - Uses common assessments aligned with the required standards to monitor student program inform instruction, and improve teacher practices		ogress,
1. Exemplary	Teachers consistently use common assessments aligned with the required standards in nearly all content areas, grade levels, or both for diagnostic, summative, and formative purposes. The data from the common assessments are analyzed down to the item level, and the results are used to inform instruction and improve teacher practices.	
2. Operational	Teachers use common assessments aligned with the required standards in most content areas to monitor student progress, inform instruction, and improve teacher practices.	
3. Emerging	Teachers use some common assessments aligned with the required standards in a few content areas with a limited amount of data analysis to monitor student progress, inform instruction, or improve teacher practices.	✓
4. Not Evident	Teachers use few, if any, common assessments to monitor student progress, inform instruction, or improve teacher practices.	

Assessment Standard 4 - Implements a process to collaboratively analyze assessment results to adjust instruction		
1. Exemplary	Teachers extensively use a systematic, collaborative process to analyze assessment	
	results.	
	Instruction is consistently adjusted based on the analysis of assessment results across	
	all content areas, grade levels, or both.	
2. Operational	Teachers regularly use a collaborative process to analyze assessment results.	✓
	Instruction is routinely adjusted based on the analysis of assessment results.	
3. Emerging	Teachers occasionally use a collaborative process to analyze assessment results.	
	Instruction is sometimes adjusted based on the analysis of assessment results.	
4. Not Evident	A collaborative process to analyze assessment results does not exist.	
	Instruction is rarely, if ever, adjusted based on the analysis of assessment results.	

Assessment Standard 5 - Implements grading practices that provide an accurate indication of student progress o required standards		on the
1. Exemplary	The grading practices used by teachers across nearly all content areas, grade levels, or both, consistently provide an accurate indication of student progress on the required standards.	
2. Operational	The grading practices used by teachers in most content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	✓
3. Emerging	The grading practices used by teachers in some content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	
4. Not Evident	The grading practices used by teachers rarely, if ever, provide an accurate indication of student progress on the required standards.	_

2. DATA COLLECTION ANALYSIS

2.2 Effective Leadership

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of leadership needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the Effective Leadership webinar for additional information and guidance.

Leadership Standard 1 - Builds and sustains relationships to foster the success of students and staff		
1. Exemplary	Administrators consistently build and sustain relationships to foster the success of students and staff. The school staff is fully engaged in relationship building through collaboration, internal and external communication, and building trust with staff, students, families, and community stakeholders.	
2. Operational	Administrators regularly build and sustain relationships to foster the success of students and staff.	✓
3. Emerging	Administrators sometimes build relationships to foster the success of students and staff.	
4. Not Evident	Administrators seldom, if ever, build relationships to foster the success of students and staff.	

Leadership Standard 2 - Initiates and manages change to improve staff performance and student learning		
1. Exemplary	Administrators, the school leadership team, and other teacher leaders initiate and sustain change to improve staff performance and student learning. Administrators, the school leadership team, and other teacher leaders create a sense of urgency for change and effectively communicate a common vision.	
2. Operational	Administrators and the school leadership team initiate and sustain change to improve staff performance and student learning. The principal provides an appropriate balance of pressure and support to manage the change process for desired results.	√
3. Emerging	Administrators initiate change to improve staff performance and student learning but do not sustain the change, remove barriers, or both.	
4. Not Evident	Administrators initiate few, if any, changes that impact staff performance and student learning.	

_	Leadership Standard 3 - Uses systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices		
1. Exemplary	The principal and other school leaders continually use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices. The principal and other school leaders have a comprehensive knowledge and understanding of the best practices for curriculum, assessment, instruction, and professional learning.		
2. Operational	The principal and other school leaders often use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	√	
3. Emerging	The principal and other school leaders occasionally use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.		
4. Not Evident	The principal and other school leaders rarely, if ever, use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.		

Leadership Standard 4 - Uses processes to systematically analyze data to improve student achievement		
1. Exemplary	Extensive, comprehensive processes, including root cause analysis, are used consistently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
2. Operational	Numerous processes are used frequently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
3. Emerging	Some processes are in place and used occasionally to analyze data to improve student achievement.	√
4. Not Evident	Few, if any, processes are in place to analyze data to improve student achievement.	

Leadership Standard 5 - Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	✓
	Administrators collaborate consistently with staff members to gather input.	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	_

Leadership Standard 6	- Establishes and supports a data-driven school leadership team that is focused on studer	nt learning
1. Exemplary	A highly effective, proactive, and data-driven school leadership team is focused on student learning. The leadership team addresses nearly all areas of student and staff learning and school leadership, including the development, implementation, and regular monitoring of the school improvement plan.	
2. Operational	A data-driven school leadership team is established with stakeholder representation (e.g., core and non-core teachers, certified support staff) and is focused on student learning. The school leadership team meets regularly and uses norms and protocols to work effectively and efficiently.	
3. Emerging	The school leadership team is established and has some stakeholder representation but is focused chiefly on school operations rather than student learning.	✓
4. Not Evident	A school leadership team does not exist or does not have adequate stakeholder representation.	_

Leadership Standard 7	· Monitors and evaluates the performance of teachers and other staff using multiple data	sources
1. Exemplary	Monitoring the performance of teachers and other staff through observations, surveys, data, and documentation is consistent and comprehensive, resulting in highly accurate performance evaluations. A comprehensive system is in place to provide teachers and staff with ongoing, accurate, timely, detailed, descriptive feedback related to their performance. Administrators use the evaluation process to identify role models, teacher leaders, or	
	both.	
2. Operational	Monitoring the performance of teachers and other staff regularly occurs using data or documentation, generally resulting in accurate performance evaluations. Teachers and staff receive accurate, timely, descriptive feedback related to their performance.	√
3. Emerging	Monitoring the performance of teachers and other staff is inconsistent, incomplete, or lacks data or documentation, sometimes resulting in inaccurate performance evaluations. Teachers and staff receive some descriptive feedback related to their performance.	
4. Not Evident	Monitoring the performance of teachers and other staff rarely occurs or often results in inaccurate performance evaluations. Teachers and staff receive little or no descriptive feedback related to their performance.	

Leadership Standard 8 - Provides ongoing support to teachers and other staff		
1. Exemplary	A comprehensive support system that is timely and targeted to individual needs is	
	provided to teachers and other staff.	
2. Operational	Most support provided to teachers and other staff is targeted to individual needs.	✓
3. Emerging	Some support provided to teachers and staff is targeted to individual needs.	
4. Not Evident		_

Planning and Organization Standard 1 - Shares a common vision and mission that define the school culture and guide the continuous improvement process		
1. Exemplary	A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders. The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed. The daily work and practices of staff consistently demonstrate a sustained	√
2. Operational	commitment to continuous improvement. A common vision and mission have been developed through a collaborative process and communicated to most stakeholders. The vision and mission define the culture of the school and guide the continuous improvement process.	
3. Emerging	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.	
4. Not Evident	A common vision and mission have not been developed or updated or have been developed by a few staff members.	_

Planning and Organization Standard 2 - Uses a data-driven and consensus-oriented process to develop and implement a school improvement plan that is focused on student performance		
1. Exemplary	A school improvement plan has been developed using a data-driven and consensus-oriented process with input from nearly all stakeholders. The plan includes appropriate goals and strategies with a strong focus on increasing student performance. This process and plan consistently guide the work of the school staff.	✓
2. Operational	A school improvement plan has been developed using a data-driven and consensus-oriented process with input from most plan stakeholders. The plan includes appropriate goals and strategies with a focus on increasing student performance.	
3. Emerging	A school improvement plan has been developed with input from some stakeholders. The school improvement plan is based on incomplete data analysis with limited focus on student performance.	
4. Not Evident	An up-to-date, data-driven school improvement plan focused on student performance is not in place.	

Planning and Organization Standard 3 - Monitors implementation of the school improvement plan and makes adjute as needed		adjustments
1. Exemplary	The goals and strategies of the school improvement plan are continually monitored by administrators, the school leadership team, and teacher leaders to evaluate the impact on student performance. Ongoing adjustments are made based on various performance, process, and perception data.	
2. Operational	he goals and strategies of the school improvement plan are regularly monitored by administrators and the school leadership team to evaluate the impact on student performance. Adjustments are made to the plan, as needed, based on the analysis of data.	√
3. Emerging	The goals and strategies of the school improvement plan are occasionally monitored by administrators.	
4. Not Evident	The goals and strategies of the school improvement plan are rarely, if ever, monitored.	

Planning and Organizat	Planning and Organization Standard 4 - Monitors the use of available resources to support continuous improvement		
1. Exemplary	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is consistently monitored.		
	School schedules and processes are designed to make effective use of personnel, time, materials, and equipment.		
2. Operational	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is frequently monitored.	✓	
3. Emerging	The use of available resources to support continuous improvement is inconsistently monitored.		
4. Not Evident	The use of available resources to support continuous improvement is rarely, if ever, monitored.		

Planning and Organization Standard 5 - Develops, communicates, and implements rules, policies, schedules, and procedures to maximize student learning and staff effectiveness		nd
1. Exemplary	Rules, policies, schedules, and procedures are developed with stakeholder input, effectively communicated, and consistently implemented throughout the school to maximize student learning and staff effectiveness. These rules, policies, schedules, and procedures are consistently reviewed and revised as needed.	
2. Operational	Rules, policies, schedules, and procedures are developed, communicated, and implemented throughout the school to maximize student learning and staff effectiveness. These rules, policies, schedules, and procedures are periodically reviewed and systematically revised as needed.	~
3. Emerging	Rules, policies, schedules, and procedures are developed but are not effectively communicated or are implemented inconsistently across the school.	
4. Not Evident	Rules, policies, or procedures are not developed, are poorly communicated, or are ineffectively implemented. In some cases, rules, policies, schedules, or procedures are out of date or have become barriers to student learning or staff effectiveness.	

2. DATA COLLECTION ANALYSIS

2.3 Professional Capacity

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of professional capacity needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the <u>Professional Capacity webinar</u> for additional information and guidance.

Professional Capacity Data

Leadership Standard 5 - Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	
	Administrators collaborate consistently with staff members to gather input.	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	✓
	<u> </u>	
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

Professional Learning Standard 1 - Aligns professional learning with needs identified through analysis of a variety of		
1. Exemplary	Professional learning needs are identified and differentiated through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families). Ongoing support is provided through differentiated professional learning.	
2. Operational	Professional learning needs are identified through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).	√
3. Emerging	Professional learning needs are identified using limited sources of data.	
4. Not Evident	Professional learning needs are identified using little or no data.	

Professional Capacity Data

Professional Learning Standard 2 - Establishes a culture of collaboration among administrators and staff to enhance individual and collective performance		nance
1. Exemplary	Administrators and staff, as a foundational practice, consistently collaborate to support leadership and personal accountability and to enhance individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback). Teachers conduct action research and assume ownership of professional learning processes.	
2. Operational	Administrators and staff routinely collaborate to improve individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).	√
3. Emerging	Administrators and staff sometimes collaborate to improve individual and collective performance.	
4. Not Evident	Administrators and staff rarely collaborate to improve individual and collective performance.	

Professional Learning Standard 3 - Defines expectations for implementing professional learning		
1. Exemplary	Administrators, teacher leaders, or both consistently define expectations for the implementation of professional learning, including details regarding the stages of implementation and how monitoring will occur as implementation progresses.	
2. Operational	Administrators, teacher leaders, or both regularly define expectations for the implementation of professional learning.	✓
3. Emerging	Administrators, teacher leaders, or both occasionally define expectations for the implementation of professional learning.	
4. Not Evident	Administrators, teacher leaders, or both rarely, if ever, define expectations for the implementation of professional learning.	

Professional Capacity Data

Professional Learning Standard 4 - Uses multiple professional learning designs to support the various learning n staff		needs of the
1. Exemplary	Staff members actively participate in job-embedded professional learning that engages collaborative teams in a variety of appropriate learning designs (e.g., collaborative lesson study, analysis of student work, problem solving sessions, curriculum development, coursework, action research, classroom observations, online networks). Professional learning includes extensive follow-up with descriptive feedback and coaching.	
2. Operational	Staff members actively participate in professional learning, most of which is job-embedded, which includes multiple designs (e.g., collaborative lesson study, analysis of student work, problem-solving sessions, curriculum development, coursework, action research, classroom observations, online networks) to support their various learning needs. Professional learning includes follow-up with feedback and coaching.	✓
3. Emerging	Some staff members are engaged in professional learning that makes use of more than one learning design to address their identified needs.	
4. Not Evident	Staff members receive single, stand-alone professional learning events that are informational and mostly large-group presentation designs.	

Professional Learning Standard 5 - Allocates resources and establishes systems to support and sustain effective plearning		professional
1. Exemplary	Extensive resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are allocated to support and sustain effective professional learning. Opportunities to practice skills, receive follow-up, feedback, and coaching are provided to support the effectiveness of professional learning.	
2. Operational	Adequate resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are in place to support and sustain professional learning.	√
3. Emerging	Some resources and systems are allocated to support and sustain professional learning.	
4. Not Evident	Few, if any, resources and systems are provided to support and sustain professional learning.	

2. DATA COLLECTION ANALYSIS

2.4 Family and Community Engagement

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to family and community engagement. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the Family Community Engagement webinar for additional information and guidance. Visit Georgia's Family Connection Partnership's KIDS COUNT for additional data.

Family and Community Engagement Data

Family and Community Engagement Standard 1 - Creates an environment that welcomes, encourages, and connects and community members to the school		nnects family
1. Exemplary	The school has a well-established, inviting learning environment that welcomes, encourages, and connects family and community members to the school. Numerous opportunities are given to family members to become actively engaged in school-related events and improvement efforts as participants, event managers, and	
2. Operational	workers. The school has created an environment that welcomes, encourages, and connects family and community members to the school.	√
3. Emerging	The school has made some progress toward creating an environment that welcomes, encourages, and connects family and community members to the school.	
4. Not Evident	The school has not created an environment that welcomes, encourages, or connects family and community members to the school.	

Family and Community Engagement Standard 2 - Establishes structures that promote clear and open community between the school and stakeholders		ication
1. Exemplary	Extensive structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented. Structures are continuously monitored for reliable and interactive communication.	
2. Operational	Most structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.	✓
3. Emerging	Some structures that promote clear and open communication between the school and stakeholders exist.	
4. Not Evident	Few, if any, structures that promote clear and open communication between the school and stakeholders exist.	

Family and Community Engagement Data

Family and Community Engagement Standard 3 - Establishes relationships and decision-making processes that build capacity for family and community engagement in the success of students		
1. Exemplary	A wide variety of relationships and collaborative decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services, post-secondary partnerships) are pervasive in promoting student success and well being. Expectations for family and community engagement are embedded in the culture and result in stakeholders being actively involved in decision-making.	
2. Operational	Numerous relationships and decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services) effectively build capacity for family and community engagement in the success of students.	√
3. Emerging	Limited relationships and decision-making processes have been initiated by the school to build capacity for family and community engagement.	
4. Not Evident	Relationships and decision-making processes for families and the community are non-existent, or those that do exist contribute minimally to student success.	

Family and Community Engagement Standard 4 - Communicates academic expectations and current student achies status to families		chievement
1. Exemplary	The school staff provides families with ongoing, detailed academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols).	
	Extensive communication related to the current achievement level of individual students is provided (e.g., progress reports, student-led parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).	
2. Operational	The school staff communicates academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols) throughout the year. Regular communication related to the current achievement level of individual students is provided (e.g., progress reports, parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).	✓
3. Emerging	The school staff communicates some academic expectations at the start of the year. Some communication related to the current achievement level of individual students is provided.	
4. Not Evident	The school staff does little to inform families of academic expectations. Little, if any, communication related to the current achievement level of individual students is provided.	

Family and Community Engagement Data

Family and Community Engagement Standard 5 - Develops the capacity of families to use support strategies at will enhance academic achievement		home that
1. Exemplary	The school continually develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	
2. Operational	The school frequently develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	
3. Emerging	The school occasionally develops the capacity of families to use support strategies at home that will enhance academic achievement.	√
4. Not Evident	The school seldom, if ever, develops the capacity of families to use support strategies at home that will enhance academic achievement.	

Family and Community Engagement Standard 6 - Connects families with agencies and resources in the community to me the needs of students		
1. Exemplary	The school has a systematic process in place to connect families with an array of agencies and resources (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	√
2. Operational	The school regularly connects families to agencies and resources in the community (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	
3. Emerging	The school sometimes connects families to agencies and resources in the community to meet the needs of students.	
4. Not Evident	The school does little to connect families with agencies and resources in the community to meet the needs of students.	

2. DATA COLLECTION ANALYSIS

2.5 Supportive Learning Environment

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to a supportive learning environment. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). Student subgroups with a count of less than 15 are denoted by "TFS" (too few students). See the <u>Supportive Learning Environment webinar</u> for additional information and guidance.

Instruction Standard 1 - Provides a supportive and well-managed environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident	
	throughout the school.	
	Students consistently stay on-task and take responsibility for their own actions.	
2. Operational	A supportive and well-managed environment conducive to learning is evident in most	✓
	classrooms.	
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some	
	classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few,	
	if any, classrooms.	

Instruction Standard 2 - Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration). Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	√
3. Emerging	Some teachers create an academically challenging learning environment.	
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Instruction Standard 8 - Establishes a learning environment that empowers students to actively monitor their own p		wn progress
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor	
	their own progress.	
	Nearly all students develop a sense of personal responsibility and accountability by	
	engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their	✓
	own progress.	
3. Emerging	Some students use tools to actively monitor their own progress.	
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.	

School Culture Standard 1 - Develops, communicates, and implements rules, practices, and procedures to maintain a safe, orderly learning environment		
1. Exemplary	Rules, practices, and procedures that maintain a safe, orderly learning environment are proactively developed, communicated, and consistently implemented across the school. These rules, practices, and procedures are continually monitored and revised as needed.	✓
2. Operational	Rules, practices, and procedures that maintain a safe, orderly learning environment are developed, communicated, and implemented.	
3. Emerging	Rules, practices, and procedures are developed and communicated but are ineffective or inconsistently implemented across the school.	
4. Not Evident	Rules, practices, and procedures that maintain a safe, orderly, learning environment are not developed nor updated or are poorly communicated.	_

School Culture Standard 2 - Establishes a culture of trust and respect that promotes positive interactions and a sense of community		sense of
1. Exemplary	Extensive evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established. A pervasive commitment to promoting positive interactions and a sense of community is evident.	√
2. Operational	Evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established. A sustained commitment to promoting positive interactions and a sense of community is evident.	
3. Emerging	Some evidence exists that a culture of trust and respect has been established. A limited commitment to promoting positive interactions and a sense of community is evident.	
4. Not Evident	Little or no evidence exists that a culture of trust and respect has been established. Unresolved conflicts interfere with a sense of community.	

School Culture Standard 3 - Establishes a culture that supports the college and career readiness of students		
1. Exemplary	Extensive evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students. The school culture supports addressing individual achievement needs and strengths to	
	prepare students for success.	
2. Operational	Evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.	✓
3. Emerging	Some evidence exists that the school supports the college and career readiness of students.	
4. Not Evident	Little or no evidence exists that the school supports the college and career readiness of students.	_

School Culture Stan	ndard 4 - Supports the personal growth and development of students	
1. Exemplary	The school staff consistently provides a comprehensive system of support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to maximize the personal growth and development of nearly all students.	√
2. Operational	The school staff regularly provides support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to enhance the personal growth and development of students.	
3. Emerging	The school staff sporadically supports the personal growth and development of students.	
4. Not Evident	The school staff does little to support the personal growth and development of students.	
School Culture Stan	ndard 5 - Recognizes and celebrates achievements and accomplishments of students and staf	f
1. Exemplary	The school community consistently recognizes and celebrates the achievements and accomplishments of students and staff. The celebrations are publicized within the school and to the community and support the culture of the school.	
2. Operational	The school community regularly recognizes and celebrates the achievements and accomplishments of students and staff.	✓
3. Emerging	The school community periodically recognizes or celebrates the achievements or accomplishments of students and/or staff.	
4. Not Evident	The school community rarely, if ever, recognizes or celebrates the achievements or accomplishments of students or staff.	

2. DATA COLLECTION ANALYSIS

2.6 Data Analysis Questions

Analyze the LEA's data and answer the guiding questions to determine existing trends and patterns that support the identification of demographic and financial needs. Student subgroups with a count of less than 15 are denoted by "TFS" (too few students).

What perception data did you use?	Perception data was complied from teacher and staff discussions and surveys.
	Data was also collected from parent surveys and discussions.
What does the perception data tell you?	The faculty and parents are happy with the overall effectiveness and culture of the school. The biggest need for improvement is in the area of student achievement on testing.
What process data did you use?	Teachers and staff meet weekly to discuss student outcomes and areas for celebration and additional needed support. During these meetings staff has looked at mid-month test scores and student progress reports.
What does your process data tell you?	The process data has shown that while student participation and graduation rates have increased, student achievement on state mandated assessments while showing some improvement are still and area of critical need. Ongoing professional development in conjunction with the traditional high school will provide vertical alignment, common assessments, and benchmark resources to improve differentiation and student achievement on state mandated assessments.
What achievement data did you use?	CCRPI scores and EOG/EOC scores, graduation rates, ASVAB scores, and Accuplacer scores
What does your achievement data tell you?	While there has been some growth on EOC and EOG milestones the scores lag well behind the district and state. Graduation rates have risen consistently over the last five years. More students are participating and succeeding in dual enrollment courses. The improvement in graduation rates has driven the rise in CCRPI scores.

What demographic data did you use?	Bishop Hall used the demographic data provided in the CCRPI score as well as the information provided in Infinite Campus to measure class sizes.
What does the demographic data tell you?	The demographic data relates the fact that students enrolling in Bishop Hall are on average 1-2 years behind academically, economically disadvantaged, and a higher level of MTSS support is needed. Small enrollment numbers limit the size of faculty which results in multiple preps per class.

3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

3.1 Strengths and Challenges Based on Trends and Patterns

Read the trends and patterns summaries from each section of the data analysis process. Use the information in these summaries to complete 3.2 and 3.3. Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.2. Watch the Identifying Need webinar for additional information and guidance.

Strengths and Challenges Based on Trends and Patterns

Coherent Instructional: Summarize the coherent instructional system trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?

While the graduation rate, and CCRPI scores have risen sharply during the last five years, scores on the state mandated EOC and EOG exams have lagged behind expectations. Working with the curriculum department some common needs were identified.

- 1. The need for stronger instructional supervision;
- 2. The need to revise the master schedule to reduce the number of subjects that instructors teach simultaneously;
- 3. The need to increase the amount of instructional time dedicated to direct instruction:
- 4. The need for better alignment of instruction with Georgia Standards of Excellence;
- 5. The need for better alignment of classroom assessments with Georgia Standards of Excellence;
- 6. The need for greater Depth of Knowledge (DOK) in both instruction and assessments (teaching and assessing the standards at a deeper level);
- 7. The need for structured formative assessments (benchmarks) that are more closely aligned with those of the school district and a system of progress monitoring; and
- 8. The need for students to develop the academic stamina needed for success on rigorous exams.

Effective Leadership: Summarize the effective leadership trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?

Due to the small size of the school, all teachers have the opportunity to participate in the leadership process. By allowing teachers this opportunity to build professional and leadership capacity they are in a solid place to impact students and assess the needs of the school.

Strengths and Challenges Based on Trends and Patterns

Professional Capacity: Summarize the professional capacity trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?

Teachers have been given the opportunity to build their capacity. Teacher leaders are now coordinating testing, 504's, the blended and night school programs, and the SIP component. The administration supports and coordinates their efforts to improve the school's culture and environment. The need for teachers to participate in district curriculum alignment meetings and professional learning on assessment with depth of knowledge rigor was identified.

Family and Community Engagement: Summarize the family and community engagement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?

We need to increase parent participation in workshops designed to support academic achievement and post secondary planning.

Supportive Learning Environment: Summarize the supportive learning environment trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs? The wrap around services provided by the school and staff ensure that students attending the school are in a supportive environment. The counselors at Bishop Hall intervened in 183 instances of crisis during the last school year. The student services coordinator provided support for multiple students and families at a cost of approximately \$3,000.00 last year. Students attending Bishop Hall enter the school needing a great deal of social and emotional assistance. These needs are often the primary reason students have struggled in a traditional school.

Demographic and Financial: Summarize the demographic and financial trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?

The school reports 100% economically disadvantaged students. Many students are living in poverty. The school's student services coordinator works to provide assistance to families in need. Small enrollment limits staff size and therefore requires multiple preps in a class period.

The school's finances are in excellent shape. Teachers are provided with most everything they ask for and still the school has been under budget each of the last 5 years.

Student Achievement: Summarize the student achievement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?

Graduation rates and CCRPI scores have risen. Test scores continue to fall short of expectations, with the majority of students earning level 1 or 2 achievement scores.

NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

IDEA - Special Education, Economically Disadvantaged Children, and English Learners.

Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.3. Watch the <u>Identifying Need webinar</u> for additional information and guidance.

Strengths	GoIEP is a strength as it provides reminders of timelines and related documents.
	•
Challenges	The school employs one special education teacher for all special needs students enrolled.

3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

3.2 Identification and Prioritization of Overarching Needs

Use the results of 3.1 to identify the overarching needs of the LEA. Determine the priority order of the identified needs based on data, team member and stakeholder knowledge, and answers to questions in the table below. Be sure to address the major program challenges identified in 3.1. Watch the <u>Identifying Need webinar</u> for additional information and guidance.

Overarching Need # 1

Overarching Need	Bishop Hall needs to improve student performance on EOC and EOG exams. The school
	has not performed to state expectations.
How severe is the need?	High
Is the need trending better or	No Change
worse over time?	
Can Root Causes be Identified?	Yes
Priority Order	1

Additional Considerations	

Overarching Need # 2

Overarching Need	Bishop Hall Charter School needs to increase the correlation between the GSE Standards
	and the standards being taught across the curriculum.
How severe is the need?	High
Is the need trending better or	No Change
worse over time?	
Can Root Causes be Identified?	Yes
Priority Order	2

Additional Considerations	

Overarching Need #3

NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

Overarching Need # 3

Overarching Need	Bishop Hall needs to increase the percentage of graduates completing the diploma requirements that are ready to attend college, enter the military, or have completed a work based learning program with a job awaiting them after graduation.
How severe is the need?	High
Is the need trending better or	Better
worse over time?	
Can Root Causes be Identified?	No
Priority Order	3

Additional Considerations	

3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

3.3 Root Cause Analysis

Select the top 2-4 overarching needs from 3.2. Conduct a separate root cause analysis (RCA) for each need. Any RCA tools and resources can be used, but suggestions are available as part of the <u>Identifying Need webinar</u>. After describing the RCA process, complete a table for each selected overarching need.

Overarching Need - Bishop Hall needs to improve student performance on EOC and EOG exams. The school has not performed to state expectations.

Root Cause # 1

Root Causes to be Addressed	The vast majority of students who enroll at Bishop Hall do so because they are not experiencing success in the traditional school environment. Most Bishop Hall students bring with them accumulated academic deficits that cannot be corrected in a short term. Many of the students also have serious emotional, physical, and/or mental health issues that are addressed through wrap-around services provided by the school. These services often require two or more years to stabilize a student so that he or she can begin to grow and thrive academically. Of the students who enrolled at Bishop Hall between 2014 and 2019, 38% of them were one year overage for their grade, 21% were two years overage for their grade, and 5% were three years overage for their grade; in summary 64% of the students who typically enter Bishop Hall are one or more years behind their peer group when they enter. Academic deficits that have accumulated over time cannot be corrected in a short term. Standardized tests that are given within the first or second year of a student's enrollment at Bishop Hall do not reflect the value that Bishop Hall adds to students over the full period of their enrollment. All eighth grade End-of-Grade tests are given within one year of the student's enrollment at Bishop Hall with many of the End-of-Course tests also being given within the first or second year of a student's enrollment in the school.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes

2. SCHOOL IMPROVEMENT GOALS

2.1 OverarchingNeed # 1

Overarching Need

Overarching Need as identified in	Bishop Hall needs to improve student performance on EOC and EOG exams. The school
CNA Section 3.2	has not performed to state expectations.
Root Cause # 1	Academic deficits that have accumulated over time cannot be corrected in a short term. Standardized tests that are given within the first or second year of a student's enrollment at Bishop Hall do not reflect the value that Bishop Hall adds to students over the full period of their enrollment. All eighth grade End-of-Grade tests are given within one year of the student's enrollment at Bishop Hall with many of the End-of-Course tests also being given within the first or second year of a student's enrollment in the school.
Root Cause # 2	Many of the students also have serious emotional, physical, and/or mental health issues that are addressed through wrap-around services provided by the school. These services often require two or more years to stabilize a student so that he or she can begin to grow and thrive academically. Of the students who enrolled at Bishop Hall between 2014 and 2019, 38% of them were one year overage for their grade, 21% were two years overage for their grade, and 5% were three years overage for their grade; in summary 64% of the students who typically enter Bishop Hall are one or more years behind their peer group when they enter.
Root Cause # 3	The vast majority of students who enroll at Bishop Hall do so because they are not experiencing success in the traditional school environment. Most Bishop Hall students bring with them accumulated academic deficits that cannot be corrected in a short term. Many of the students also have serious emotional, physical, and/or mental health issues that are addressed through wrap-around services provided by the school. These services often require two or more years to stabilize a student so that he or she can begin to grow and thrive academically. Of the students who enrolled at Bishop Hall between 2014 and 2019, 38% of them were one year overage for their grade, 21% were two years overage for their grade, and 5% were three years overage for their grade; in summary 64% of the students who typically enter Bishop Hall are one or more years behind their peer group when they enter. Academic deficits that have accumulated over time cannot be corrected in a short term. Standardized tests that are given within the first or second year of a student's enrollment at Bishop Hall do not reflect the value that Bishop Hall adds to students over the full period of their enrollment. All eighth grade End-of-Grade tests are given within one year of the student's enrollment at Bishop Hall with many of the End-of-Course tests also being given within the first or second year of a student's enrollment in the school.
Goal	Bishop Hall will increase the percentage of students scoring a level of proficient or better on EOC and EOG exams by 3 percent a year.

2. SCHOOL IMPROVEMENT GOALS

2.2 OverarchingNeed # 2

Overarching Need

Overarching Need as identified in	Bishop Hall Charter School needs to increase the correlation between the GSE Standards
CNA Section 3.2	and the standards being taught across the curriculum.
Root Cause # 1	Instructional Supervision
	1.The need for stronger instructional supervision;
	2.The need to revise the master schedule to reduce the number of subjects that instructors
	teach simultaneously;
	3. The need to increase the amount of instructional time dedicated to direct instruction;
	4.The need for better alignment of instruction with Georgia Standards of Excellence;
Root Cause # 2	Align Assessment Practices to Develop Student Proficiency
	1. The need for better alignment of classroom assessments with Georgia Standards of
	Excellence;
	2.The need for greater Depth of Knowledge (DOK) in both instruction and assessments
	(teaching and assessing the standards at a deeper level);
	The need for structured formative assessments (benchmarks) that are more closely aligned
	with those of the school district and a system of progress monitoring; and
	3. The need for students to develop the academic stamina needed for success on rigorous
	exams.
Goal	Teachers will increase participate in professional development provided by or supported
	by the district by 30%.

Action Step	Participate in professional learning for curriculum alignment.

2. SCHOOL IMPROVEMENT GOALS

2.3 OverarchingNeed # 3

Overarching Need

Overarching Need as identified in	Bishop Hall needs to increase the percentage of graduates completing the diploma
CNA Section 3.2	requirements that are ready to attend college, enter the military, or have completed a work
	based learning program with a job awaiting them after graduation.
Root Cause # 1	A student with only a high school diploma is not truly ready for the next phase of his/her
	life. At present 68% of students graduating from Bishop Hall are enrolled in college, have
	scored high enough on the ASVAB, or have completed a work program that has enabled
	them to start a career after graduation.
Goal	Bishop Hall will increase the percent of graduates that are college, military, or career ready
	by 3% each year.

Action Step	The CTAE business teacher will participate in "Work Based Learning" in June.

SCHOOL IMPROVEMENT PLAN

3 Required Questions

Required Questions

1 In developing this plan, briefly describe how the school sought advice from individuals (teachers, staff, other school leaders, paraprofessionals, specialized instructional support personnel, parents, community partners, and other stakeholders) was accomplished. The needs assessment, goals, and action plan were devised during the writing and negotiating of the school's new five year charter. Parents, school staff, staff from the TCBOE, and staff from the DADOE were involved in creating this plan.

2 Describe how the school will ensure that low-income and minority children enrolled in the Title I school are not served at disproportionate rates by ineffective, out-of-field, or inexperienced teachers. All teachers employed at Bishop Hall are certified in the content area taught. Bishop Hall works with the TCBOE to ensure that all staff members have appropriate qualifications and certifications.

Schedules are prepared by hand and care is taken to ensure students are not assigned to ineffective, inexperienced, out of field teachers for two consecutive years.

3 Provide a general description of the Title I instructional program being implemented at this Title I School. Specifically define the subject areas to be addressed and the instructional strategies/methodologies to be employed to address the identified needs of the most academically at-risk students in the school. Please include services to be provided for students living in local institutions for neglected or delinquent children (if applicable).

Bishop Hall works primarily with students that are academically behind and that are in need of social and emotional support. The school works to provide a safe environment for students to work on personal obstacles and progress academically. Students have options that for blended learning, night school, and dual enrollment as extensions of a traditional school day. By utilizing a "learning management system" teachers are able to provide a viable curriculum to assist students. A LCSW, GAP Counselors, and a Social Services Coordinator provide assistance for the students and families social and emotional welfare.

Instructional coordinator to facilitate ongoing professional development. Parent involvement activities are implemented in fall and spring to develop parent capacity to support students academically.

4 If applicable, provide a description of how teachers, in consultation with parents, administrators, and pupil services personnel, will identify eligible children most in need of services in Title I targeted assistance schools/programs. Please include a description of how the school will develop and implement multiple (a minimum of 2) objective, academic-based performance criteria to rank students for service. Also include a description of the measurable scale

Bishop Hall implements a school-wide title I plan.

4 If applicable, provide a description of how teachers, in consultation with parents, administrators, and pupil services personnel, will identify eligible children most in need of services in Title I targeted assistance schools/programs. Please include a description of how the school will develop and implement multiple (a minimum of 2) objective, academic-based performance criteria to rank students for service. Also include a description of the measurable scale (point system) that uses the objective criteria to rank all students.

Bishop Hall implements a school-wide title I plan.

5 If applicable, describe how the school will support, coordinate, and integrate services with early childhood programs at the school level, including strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.

This is not applicable to Bishop Hall.

6 If applicable, describe how the school will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including: Coordination with institutions of higher education, employers, and local partners; and

Increased student access to early college, high school, or dual or concurrent enrollment opportunities or career counseling to identify student interest and skills. Bishop Hall provides a summer program for eighth graders and new students to prepare for enrollment in Bishop Hall. As part of the eighth grade program students have the opportunity to earn high school credits in P.E./Health, and one other high school elective.

Bishop Hall partners with SRTC and Thomas University to test students and to provide dual enrollment opportunities. The school also offers a course for college test preparation.

Beginning this school year Bishop Hall will offer a work based learning program.

7 Describe how the school will support efforts to reduce the overuse of discipline practices that remove students from the classroom, specifically addressing the effects on all subgroups of students.

Bishop Hall uses many alternative forms of consequences to suspension. Lunch detention, Saturday school, conferences with counselors are used as much as possible to minimize a student's time away from class.

ADDITIONAL RESPONSES
